2003 TOP 20 Supermodels

From a roster of fan favorites, fresh faces, college girls and Playmates—as well as with an avalanche of write-in votes—readers have selected the 20 models showcased in this issue as the finalists for Special Editions Model of the Year honors. Previous winners Alley Baggett and Amy Miller are joined by 18 other nominees whose appearances inspired legions of loyal admirers. The battle lines are drawn, and now's the time to choose sides and anoint 2003's top pick. Voting rules and procedures are spelled out on page 96, and the results—and our winner—will be unveiled in our July/August SE Lingerie.

Cover honors: It's a great privilege to be on the cover of a magazine that represents such beautiful women—and it's the most exciting thing I could ever have dreamed off! **Nude novice:** I was pretty nervous the first time I posed, but it gets easier every time. Now I love it—it's great fun and very sensual! **Sexual comfort zone:** I've always been free with sex, but being in *Playboy* has made me feel even sexier. **Unflattering model moments:** Every day is unflattering! I never wear makeup—I prefer the natural look—and I feel so much sexier without it. **At leisure:** I love to dance, figure skate, sew, design my own clothes, cook and hang out with my friends. **Mr. Right:** Has a nice body, beautiful face, sparkling eyes, a genuine personality, a cute butt and a great sense of humor. **Mr. Wrong:** Has bad breath and a fake personality and is a mama's boy. **Secret talent:** I took ballet for 13 years. **Wheels:** 325 CI BMW. **Dream machine:** Mercedes. **Xmas plans:** I'll spend it in California with my sister, my nephews and my boyfriend. **New Year's resolution:** To focus on saving more money and expanding my modeling career. **If I could:** I'd learn more languages.

Top 20 honor: *I feel so blessed and happy. Working for you guys has been so rewarding for me professionally, personally and sexually. To my fans: Thank you so much! Without you, my life wouldn't be in such a great spot. **Nude novice:** I remember being nervous, but turned on at the same time—a shy exhibitionist! **Now:** I'm much more comfortable in front of the camera. I know exactly how my body looks in different positions and what looks sexy. I'm able to put myself immediately into the mood and turn myself on at the drop of a hat. **Sexual comfort zone:** It's definitely widened! I mean, everyone has seen me naked, so I can't pretend to be shy in public anymore! **Out and about:** I love to be seen when I go to a club or restaurant. I dress really sexy and I go all out when I party. I love to meet new people and be a social butterfly. **Fantasyland:** I get asked all the time how I feel about guys fantasizing about me, and I always say it's what fuels me. **Unglamorous model moment:** When I hit the gym I go to sweat, not to look glamorous or beautiful. I don't wear makeup or get dressed up—I look just as miserable as everybody else! **Beauty tip:** Bubble baths. They relax me—body and soul. **Survivor gear:** Candles—for light, ambience and to keep the bugs away—lots of chocolate and a video camera.*

Fan approval: I was so flattered that I made the top 20. A special thanks to my fans—and to all the staff at Playboy for making me look and feel beautiful at every shoot! **Approachable you:** As long as people are themselves, I'm very open and friendly. But I don't like phonies and tend to avoid them. **Hint:** Start with a smile—less is more. **Mr. Right:** Someone who takes care of himself. If he doesn't do that, there's no way he can take care of me, too. **Looking bad:** I'm not a morning person. Enough said. **Sexiness is:** My personality. I'm really outgoing and like to have fun and make the best of a situation. I think that attitude really brings out the sexiness in somebody. **Posing preference:** Nude is more fun for me because I get to be more sensual and reveal myself to the world. Anyone can run on the beach in a bikini, but baring all reveals the sensuality in somebody. **I'm a sucker for:** Junk food. I love fatty and chewy candies. Sunday is my cheat day—I go to the 7-Eleven and buy one of everything. **Santa moment:** I once bought my guy a romantic getaway for two. But the best gifts come from the heart—little trinkets that have meaning—like framed pictures. The meaning behind Christmas is the important thing, and the best gift is spending it with that special person. **Xmas plans:** I'm going to Milwaukee to be with my family. **New Year's resolution:** I've stopped making them. That way I can't break them. **Indispensable:** Body lotion, lip gloss and perfume. **The showbiz scene:** I've been modeling and auditioning for a long time, so I've learned rejection is a part of life. You know that you can't be the best at everything and you learn to deal with it on a mature level. It's definitely a growing experience. **Making an impression:** For the bedroom I'll wear lingerie—a nice little teddy, a thong, something very sweet, small and sexy. If I'm going out, I curl my hair big, put on the dark eyes, glossy lips, high heels and a clean, sexy dress. Basically, I think it's all about the lip gloss!

Top 20 reaction:

Being included is

a group of women who are so beautiful—inside and out—is an overwhelming experience. I feel so lucky, and so honored.

Fantasyland: If I'm somebody's fantasy figure—wow, very sorry! **Fan devotion:** I've had a few fans approach me, and it always blows me away that they recognize me! **What can a guy say?** "Want to go to Fiji with me?" It actually happened. I went. **Next best thing:** Drop the three-day rule—"I'll show her how cool I am and wait to call." Phone me after a date and tell me what a wonderful time you had.

Turn-ons: Intelligence, kindness and charisma. **Turnoffs:** Weakness, apathy and arrogance.

Xmas plans: I'm going to St. Barts with my honey.

Playing Santa: I gave him a romantic trip for two to Westin Mauna Kea on the Big Island of Hawaii and dinner at the Batik Room.

Reciprocation: He gave me a silver CLK Mercedes convertible.

New Year's resolution: To balance my checkbook.

Promise? No.

Unglamorous model moment: I really love being comfortable. You can usually find me in jeans, a T-shirt and no makeup.

Beauty secret: Water, water, water—the key to health and beauty. **Motto:** The saddest words of all are: "What could have been." **Survivor gear:** Champagne, a good book and a bottle of suntan lotion. **Career moves:** I'll continue acting and modeling while I complete my degree at UCLA.

Fan approval: I was so excited to be selected to the top 20! Thanks to everyone who took the time to vote for me.

Nude novice: Before my audition I was excited, during the shoot I was nervous—and afterwards I was ready to do it again! I'm not a shy girl, so getting naked was no big deal. **What's cool?** Having guys fantasize about me is perfectly fine. Everyone fantasizes, so why not about me? **What's not?** I was bartending one night and some guy was talking to me. Every time I'd walk away from him he'd scream across the bar about me working for Playboy.

Looking good: I know I'm at my best after a good night's sleep and after drinking lots of water. **Looking bad:** You don't want to see me when I'm hungover or stressed!

Hobbies: Decorating my house, boating and sleeping—definitely plenty of sleeping!

Survivor gear: Water, matches and a picture of Mom and Dad. **Xmas plans:** I'm heading for New Orleans to spend the holidays with my family.

Gift disaster: I once bought a guy a \$3000 motorcycle for Christmas, and three months later it was stolen!

New Year's resolution: To be more focused on things that really matter, and to be nicer. **Promise?** Yes, 100 percent!

Top 20 reaction: Being in *Playboy* has been a dream of mine since I was a little girl, so to say I'm ecstatic about making the Special Editions top 20 is putting it mildly! **Bare bones:** I love being naked. In fact, I'd much rather be naked than dressed. Of course, when it came time to take off my clothes for the camera, I was a little nervous at first. But by the end of the day the staff had made me feel so comfortable, I didn't want to put them back on! **Approachable you:**

Canadian women are the friendliest in the world, so I'm definitely open to meeting new people.

Fan appreciation: I was driving along one day and was recognized by a couple of truckloads of guys.

They rolled down their windows and asked if I'd autograph some issues of *Runner*, and I said yes. Afterwards they took pictures of me posing with them. They were great guys and it was really fun. They made my day—and I think I made theirs! **Growing up:** I was daring and bratty. **Now:** I'm bratty and silly. **Mr. Right:** Is smart, witty and brave. **Mr. Wrong:** Is a bad driver and a know-it-all and has a hairy back, nose hair and ear hair.

Unglamorous model moment: I really like to go camping, and a couple of days in the bush isn't flattering to anyone! **Xmas plans:** I'll stay in Canada with my family. There's almost always a white Christmas up here in the frozen north.

Holiday haul: The best gifts I ever got from a guy were a 10-carat diamond necklace and a seven-carat diamond bracelet. It'll be tough to top those!

Beauty secret: Sleep. Don't even try to talk to me before noon. **Survivor gear:** Lip gloss, a toothbrush and hair-spray.

Career moves: Besides modeling, I have my own cosmetics company called *Heidland*. Someday I'd also like to be a TV broadcaster and a make-up artist.

Dalene Kurtis

Making the top 20: Becoming 2002 Playmate of the Year was a huge surprise and an honor, but to make the top 20, too, is a huge compliment. Getting this kind of support from readers gives me a whole new reason to push even harder in my career. **My Right:** Looks always are great, but my attraction goes beyond them. I want a man with ambition, goals and personality. He doesn't have to be buff, just really fit—a guy who wants to stay in shape. **I wish I could:** Sing. But I'd break a car window with my voice if I tried. **Body art:** I got the tattoo on my back when I was 18—just a spur-of-the-moment thing with a crazy friend of mine. It was supposed to be the size of a quarter, but it just kind of blossomed. **At leisure:** I love to Rollerblade, work out and do yoga. I also like watching boxing and football—especially the Raiders and the Cowboys. **Bedwear:** Just a T-shirt. **Career moves:** There's lots going on. I was recently on Entertainment Tonight, Extra, The Late Late Show With Craig Kilborn and Howard Stern's radio show. I just started hosting TNN's NOPA Turner Vision and Brande Rodenick and I were in Tokyo for the opening of the Playboy Boutique there. Check my Website—www.dalenekurtis.com—for upcoming appearances and announcements.

Rebekah Teasdale

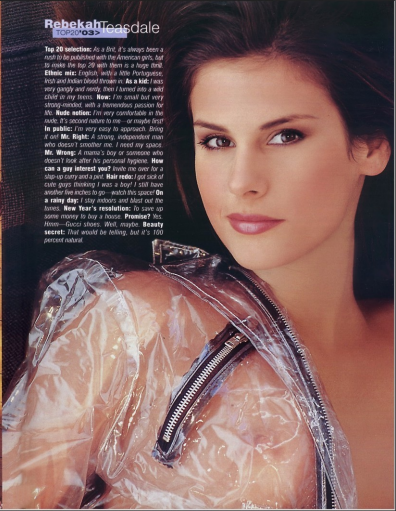

TOP 20 '03

Top 20 selection: As a Brit, it's always been a rush to be published with the American girls, but to make the top 20 with them is a huge thrill.

Ethnic mix: English, with a little Portuguese, Irish and Indian blood thrown in. **As a kid:** I was very gangly and nerdy, then I turned into a wild child in my teens. **Now:** I'm small but very strong-minded, with a tremendous passion for life. **Nude nation:** I'm very comfortable in the nude. It's second nature to me—or maybe first! **In public:** I'm very easy to approach. Bring it on! **Mr. Right:** A strong, independent man who doesn't smother me. I need my space.

Mr. Wrong: A mama's boy or someone who doesn't look after his personal hygiene. **How can a guy interest you?** Invite me over for a

ship-up curry and a pint. **Hair redo:** I got sick of cute guys thinking I was a boy! I still have another five inches to go—watch this space! **On a rainy day:** I stay indoors and blast out the tunes. **New Year's resolution:** To save up some money to buy a house. **Promise?** Yes. **Heaven—Tucci shoes:** Well, maybe. **Beauty secret:** That would be telling, but it's 100 percent natural.

Katherine Hadorn

TOP20'03>

Top 20 honors: This is so great! I've only appeared in the SEs three or four times, so it makes my selection a real confidence builder. I'll definitely be back! **Sexual comfort zone:** Being in *Playboy* has made me get used to being naked around strangers, so sexually I feel a lot more comfortable and confident around guys. **In public:** I'm pretty approachable. I don't have any problems talking to people when I'm out—as long as they're not rude, loud or too pushy. Fans I've met have always been very courteous. I've had really good experiences with the whole thing. **Getting to know you:** If you see me in a club, gym or a supermarket, say something sincere and thoughtful—but most of all real. Contrived pickup lines won't interest me at all, so don't waste your time—or mine. **At leisure:** I love playing volleyball—I was a college MVP in '98 and '99—reading and shopping. **Mr. Right:** He's sensitive, smart, modest and in great shape. **Mr. Wrong:** An overly confident, out-of-shape guy who doesn't know how to be a gentleman. **If I could change anything, it would be:** My hair. It drives me crazy. You have no idea how long it takes to make it look this good! **Scent of a woman:** *Aqua di Giò*. **Wheels:** A Chrysler Sebring. **Dream machine:** A Ferrari. **Xmas plans:** I'll spend Christmas with all of my loved ones. If they don't come to Florida to see me then I'm homeward bound to Kentucky. **Holiday giving:** The best gift I've given a guy was a puppy. He's so cute—and so is the guy! The best gift I've received from a guy was the watch I wear on special occasions. **Survivor gear:** A mirror, bottled water and a new pair of shoes.

A full-page photograph of Madison Marie. She is a woman with voluminous, curly brown hair, smiling and looking back over her shoulder. She is wearing a silver chain belt, a silver bracelet, and silver high-heeled sandals. She is leaning forward, showing her back and buttocks, which are partially covered by a silver, sequined, low-cut skirt. The background is a kitchen with white cabinets and glass shelves holding various glassware.

Deja view: I'm so excited about being in the top 20 two years in a row. It's great that my fans enjoy this as much as I do! I want to thank every one of them for their support. They keep me smiling in all these photos.

Last miss: A guy shouldn't be afraid to have a good time in public (like standing in the middle of a club making everyone laugh). Also, if he can give me a genuine compliment—something about how nice my pedicure or smile is—or if he asks me for my opinion about something, he's on the right track. **Fantasyland:** Wow, guys fantasize about me? I'm amazed and flattered! Where have they been all my life? It's great that men appreciate what I love to do.

Xmas plans: I'll be with my family in Baltimore. I spend every Christmas with my family—a lovely tradition with lots of food, gifts and jokes. There's nowhere I'd rather be.

Christmases past: Last year my boyfriend came with me to visit my family. It was very cold—he hates the winter—so I gave him a photo album with pictures of us on the beach in Florida. When he got to the end of the album, there were two tickets for a cruise to the Bahamas. I wanted him to know how much I appreciated him coming with me and gave him something to look forward to.

Thoughts that count: My best friend—a guy—gave me the best present I ever got. He's the stereotypical male—hates shopping and buying gifts for girls—but he brought me a bag of gifts. Inside was cheap perfume and a huge box of chocolate roses. We both just laughed our heads off. He tried, it showed and I loved it! **Survivor gear:** Lip gloss, a timeless classic book—the kind you can read again and again—and granola bars.

Kitana Baker

TOP 20 '03 >

Sexual comfort zone: I was pretty comfortable before posing for Playboy, but the zone definitely widened when Playboy gave me a place to express, and ultimately share, certain areas of my sensuality. **Lust lures:** Dark hair, light eyes and a sense of romance. But it's easier to say what isn't a lure: guys trying to hit on me with prefabricated come-on lines, or guys whose egos outweigh their brains.

Mr. Right: A man who is pulsing, polite, very romantic and who doesn't wait for me to open my own door or pick up the check! **Meltdown:** Kisses on my neck and upper back. **Public sightings:** My experience with fame has been very positive. The people I've met have always been courteous. The only times I feel awkward are when people approach me on my day off—when I look especially underwhelming. If I don't have on my glam look, I almost feel like I'm disappointing them. **All leisure:** I play golf, water-ski and swim.

Best Xmas gift: A card letting me know how much I'm cared for—in your own words—always means more to me than a gift from a store shelf. **New Year's resolution:** To exercise, diet and exercise some more.

Premise? Well, I'll commit to the exercise part, but I admit I have a weakness when it comes to the diet part. **Chocolate** will always do me in. **Beasty secrets:** Don't smoke, and always moisturize after shaving.

Top 20 honors: Wow, I never knew I had fans! It's so cool to get rewarded for doing something that's so much fun. Working for Playboy is great—it's a wonderful chance to be yourself and to be playful.

A taste of fame: It's not like fans swarm all over me on a daily basis, but sometimes guys will approach my friends with a question like "So, do you know her?" **Lust musts:** Dark hair, a great smile and a nice ass will get my heart pounding. I also tend to fall for short guys—not shorter than I am, but not a lot taller, either. **Lust busters:** Bad teeth, a bad laugh and moodiness. **Best come-on:** As long as he's not spitting some cheesy pickup line, a simple "Hi, how are you?" works the best. **Can you believe?** I got on top of a bar and started dancing like I was at home in front of a mirror! I was trying to woo some guy with my sexy moves, but my attempt flopped. **If I could:** I'd drive across the country with no special destination or timetable.

Growing up: I was playful, energetic and very flexible. **Now:** I'm down-to-earth, genuine, easygoing and straightforward. **Xmas plans:** At home with the girls. Where else? **Playing Santa:** Best gift to my mom? Me in a whipped-cream bikini, along with a brand new watch. **Reciprocation:** He gave me a kitten—the best present ever! **New Year's resolution:** To work out five times a week. **Promise?** Most likely, no.

Survivor gear: Chapstick, a lighter and my cell phone. **Future plans:** I'm currently enrolled in school full-time, which definitely consumes most of my time. Goals for my future are to graduate someday—someday being the key word—and make money that I can survive on.

Katie Cleary

TOP 20 '03

Cover jitters: I've posed several times, but I always get a little shaky at first—it takes a little getting used to! This was such a special shoot that I was probably more nervous than usual, but after a few minutes I calmed down and was very comfortable. **Sexual comfort zone:** Doing these layouts has made me feel more comfortable with my body and a lot less self-conscious. **Approachable you:** I'm very personable and love to meet new people, so be nice, be real, and chances are we'll hit it off.

What can a guy do? How about offering a trip to Las Vegas? Just kidding—but actions do speak louder than words. **Date dude:** I'm ready to head for the door if a guy is too into himself, too quiet or lacks basic personality or conversational skills. **Unglamorous model moment:** Sitting on my couch in a T-shirt and sweatpants, eating Ben & Jerry's ice cream and watching MTV if I could. **I'd swoon over an A-list PIV:** Beauty secret: Less is more. Kitchen triumph: Chocolate chip cookies. I wish I could: Sing. Survivor gear: A life raft, toilet and a Swiss Army knife.

Cover honors: *Hard work pays off!* **Sexual comfort zone:** *Nudity is second nature to me, and working for Playboy has only made me feel sexier.* **Unglamorous model moment:** *I'm in gym clothes and sweats every day—without makeup—practicing kickboxing. It would be a stretch to call that glamorous!* **Nickname:** *Tosh.* **Mr. Right:** *Has brown hair, light eyes and abs of steel.* **Mr. Wrong:** *Is self-centered and has bad breath and a floppy butt.* **Last must:** *I'm a very mental person, so for me to lust for a man he has to be 100 percent attentive, extremely communicative and very affectionate.* **Stupid guy stuff:** *Loosening by the TV and the notorious jock itch!* **Stupid girl stuff:** *Gossiping on the phone and pounding on the makeup behind the wheel.* **On a rainy day:** *I'd have some steamy sex with the window open so we could smell the rain.* **Random act of kindness:** *I bought my little brother his first car.* **Playing Santa:** *The best Christmas gift I ever gave a guy was me—wrapped in a bright red bow!* **New Year's resolutions:** *To make things happen for myself.* **Survivor gear:** *Matches, water and a vibrator.*

Jennifer Walcott

TOP 200 2007

Taking it all off: *I've always been cool about my body. In fact, I usually walked around my apartment in the nude—until my neighbor complained it was ruining her marriage!* **Doing the Playmate thing:** *People expect you to act a certain way if you're a Playmate, but guys I date find me even more sexy because I don't try to give off sex appeal. I'm just myself—and that's sexy enough!* **Getting your attention:** *Ignore me. Playing hard to get really gets me interested.* **Holiday giving:** *I gave my boyfriend airfare to come meet my family, and then he knew I was serious about him. In return, He gave me a teddy bear—with a diamond necklace around its neck.* **Unglamorous model moments:** *Usually when I try to be glamorous, false eyelashes fall off, boobs pop out and I trip in high heels.* **Beauty secrets:** *My mom and dad.* **You didn't know:** *When I was younger I entered the Reader's Digest Young Poets Society and I actually had a poem published.* **Survivor gear:** *A phone, a Powerbar and PLURBO—I love the articles!*

Angel Anderson

TOP 20 '03

Top 20 appreciation: Thanks to all of you for this wonderful honor! My life wouldn't be nearly as exciting without you. **Of course:** When I got the news I was selected I seriously thought someone must have played an April Fools' joke on me! **Approachable you:** Don't get near me too early in the morning—if I just wake up I may send you running! **Fantasyland:** Are you suggesting guys fantasize about me? You're just saying that to make me giggle. That's hilarious! **Fan behavior:** Most guys are supercool. Once, though, I was in an elevator with a man who really wanted me to sign something. I settled on his neck. I felt silly, but he was so stoked! **Unglamorous model moment:** When I walk off a plane after a 15-hour flight. Watch out! **Special cause:** Spending time with children who are ill or who need special attention. **Xmas plans:** I'll probably spend the holidays in Honolulu with my friends and family. **Best gift from a guy:** Commitment. **New Year's resolution:** To pray every day and use the Bible as my guide. **Beauty secret:** Protect your heart, don't conjure up hateful words and be as pure, forgiving and nonjudgmental as you can be. **Wheels:** '96 Ford's. **Dream machine:** '99 Ford's. **With the Ram Air package.** **Survivor gear:** The Bible, water and eyeliner. **Motto:** Love is the one thing worth waiting for.

Top 20 honors: There are so many beautiful girls to choose from, it makes you wonder what special thing guys see in any particular girl. I'm very happy, of course, that enough saw something in me—and very grateful to them for taking the time to vote. **Bare bones:** The first time posing I was somewhat shy, but everyone made me feel very comfortable and I didn't have to do anything I didn't want to. Now—after seeing how great the pics turned out—I would be a lot more comfortable. Of course, I still saw some things I wanted to change about myself, so I'd try to make adjustments next time. **In public:** I'm pretty reserved, so I tend to stick with people I already know. It can be hard to meet new people. **What can a guy do?** Speak with a degree of intelligence and confidence and don't try any dumb lines—unless you're absolutely sure they're really funny! **To give and receive:** The best Christmas gift I gave a guy was tickets to see his favorite hockey team. He gave me a romantic skiing weekend—with him, of course! **New Year's resolution:** To work out more and not to worry about finding my husband just yet—although if my Prince Charming knocks down my door I won't throw him out! **Unglamorous model moment:** When I'm fighting with my boyfriend and say the bad things that I'll regret later. **Beauty secrets:** I wish I had some special formula, but everyone knows that you should get plenty of sleep and drink plenty of water. You can't go wrong with that regimen—and it's a lot cheaper than the cosmetic counter. **Survivor gear:** A mirror—maybe I can do that starting-a-fire thing—a flare gun and a protein bar. **Future plans:** I hope to educate children who are hearing impaired.

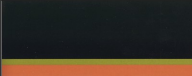

Alley Baggett

TOP20'03

Back for more: This is so thrilling—that so many readers still love looking at my pictures! It's humbling that after sixteen years and the introduction of so many beautiful newcomers I still have the luxury to propel me into the top 20. Thank you all so much. **Nude novice:** I'm really pretty shy, so the first time shooting I was very nervous. But over time I've learned to expect professionalism from the crew, and I've gotten more and more comfortable. In fact, the more times I shoot, the better I get. **In public:** People are really nice, very considerate and keep their distance. One fan got kind of personally involved, though. When I spoke to him the poor guy's cheeks flushed and his voice cracked. I finally had to tell him in a nice way that I was taken. After his initial disappointment, he understood and we've remained friends. **Growing up:** I looked like Bugs Bunny. My brothers used to make fun of me on a constant basis. **What's up now?** I just became the host of the ABTV Show, an adult Internet TV show. It's very sexy, and I get to do all kinds of wacky stuff with lots of other models. Go to www.ABTVSHOW.com to see all the action! **Xmas plans:** I'm really looking forward to spending some quiet, loving time alone with my man in our house in California during the holidays.

Merritt
TOP20 '03 Cabal

Name game: Merritt came right out of a baby book. It's actually a boy name, but my mom was tired of coming up with girl names.
Taking it all off: I was completely uncomfortable and terrified going into the studio for the first time! But when I dropped my robe and no one looked, I was fine.
Approachable you: I'm pretty easy to approach. Actually, I usually say hi to people I don't know just to be friendly, because most people think pretty girls are snobs.
Sexy stuff: Men in suits—they look confident and successful and it's appealing to women; ice cream—I can think of lots of sexy things to do with it; and the Ferrari F50—a badass car!
Fantasyland: Well, it's a little odd to think of strange men fantasizing about me, but I have to admit that I love to get fan mail.
In public: Most fans are pretty courteous, and sometimes even shy. But one guy got a little overenthusiastic during Mardi Gras and tried to carry me away. He was practically killed by security guards!
How you know you're in love: I tolerate a lot and think the gross things he does are cute.
Pigout food: I'm a junk-food freak and I'm crazy about Cajun cuisine and seafood.
Bad habits: I bite my nails and, obviously, I don't have very good eating habits.
New Year's resolution: To be more organized.
Promise? Probably not.
Survivor gear: Afters, a toothbrush and tweezers.

Shannon Stewart

TOP 2003

Fan confirmation: There are so many beautiful Special Editions models to choose from that I feel very grateful and honored to have made the top 20—especially since I appeared in only a couple of SEs in 2002. Obviously guys liked what little they saw, and I appreciate their support. **No place like home:** I grew up in the South in a large family with a lot of grass, dogs, cats, people and food. The best part was not having to pay any bills! And being able to lock the other kids outside in the heat while I babysat. **Time waster:** School—getting up way too early, sitting in one place for too long, taking too many notes and wasting a perfectly good day there! **Approachable you:** My mom always taught me to be open and friendly, so I think I'm very approachable. Maybe too much so. Sometimes guys can get a little overzealous, but they don't mean any harm—they're just excited. **Spreading Xmas cheer:** I once gave a guy a day at a spa and tickets to a pro football game. **The gift that keeps on giving:** I got a puppy two years ago and again last year. Maybe it'll be a threepeat! **Holiday plans:** I'll be spending Christmas with my family, and I hope to get my man to go there with me. **Beauty secret:** Have pets. They keep you active, young at heart, stress-free and in love. **Survivor gear:** Books, a radio and my watercolors.
